TRUSTS

A trust is a confidential legal entity for structuring the ownership of assets that enable you to secure the benefits of your wealth for yourself and others during your lifetime. It is a flexible entity that enables you to provide for the management, use and disposition of your assets in accordance with a wide range of possible needs and contingencies for yourself and others.

ADVANTAGES OF A TRUST

- Flexibility in the distribution of assets
- Wealth preservation and growth for the next generation
- Avoidance of complex and lengthy probate proceedings
- Confidentiality
- Maintenance of assets for those who cannot hold them (i.e. minors)
- Protection of assets from legal actions

TRUST SERVICES

- Trust Formation
- Professional Trustee Services and Trust Administration
- Executor and Protector Services

USES OF A TRUST

- Estate Planning
- Tax Planning
- Asset Protection
